

NEVADA CERTIFIED MEASUREMENT PROVIDERS (As of 9/14/20)

Two organizations, the National Radon Proficiency Program (NRPP) and the National Radon Safety Board (NRSB), maintain professional listings of radon mitigation and measurement service providers who have had a specific training and/or passed a written test on reducing radon in homes or other buildings. The following list of Measurement Service Providers for Nevada was derived from the NRPP (<http://aarst-nrpp.com>) and NRSB (<http://www.nrsb.org>) websites.

The Nevada Division of Public and Behavioral Health and the Nevada Radon Education Program do not endorse or recommend any company or individual over another. As with any home service, you are advised to get more than one estimate.

For more information, contact the University of Nevada, Reno Extension Radon Hotline 888-RADON10 (888-723-6610) or the Nevada Division of Public and Behavioral Health, 775-687-7550.
