IMPORTS

Top 5 industries with highest imports

<u>Total Imports</u>	<u>Industry</u>	
\$344M	Federal Government	
\$185M	State Government	
\$122M	Professional, Scientific, and Technical Services	
\$78M	Transportation Equipment Manufacturing	
\$66M	Merchant Wholesalers, Nondurable Goods	

Imports are goods and services received from outside the county by sending dollars outside the county. The desired state is low imports, because that would indicate self-sufficiency and growth from within. However, imports higher than in-region sales indicate opportunity. IN the end because of availability, regions must rely on imports.

EXPORTS

Top 5 industries with highest exports

	<u>Industry</u>	<u>Total Exports</u>
	Federal Government	\$721M
	Support Activities for Transportation	\$436M
	State Government	\$186M
	Animal Production and Aquaculture	\$46M
	Fabricated Metal Product Manufacturing	\$39M

Exports are goods and services sold from the county to regions outside the county for an inflow of dollars into the county. High exports usually signal economic strength, because dollars flow into the community rather than leave it.
