A full baseline data report, an economic impact report and additional infographics are available for this county. Full reports and infographics will be available for each county in Nevada. For more information, email us at EconDev@unr.edu, or call Buddy Borden at 702-257-5505 or Joe Lednicky at 702-948-5971. The Eureka County Extension office is administered by Gary McCuin, Extension Educator, who can be reached at 775-237-6134. Visit us online at <https://extension.unr.edu/neap>.

IMPORTS

Top 5 Industries

<u>Total Imports</u>	<u>Industry</u>	
\$100.4M	Machinery Manufacturing	
\$90.9M	Local Government	
\$84.6M	Chemical Manufacturing	
\$83.8M	Petroleum and Coal Products Manufacturing	
\$80.4M	Professional, Scientific, and Technical Services	

Imports are goods and services received from outside a county by sending dollars outside the county. The desired state is low imports, because that would indicate self-sufficiency and inner-growth. However, imports higher than in-region sales indicate opportunity. In the end because of availability, some regions must rely on imports.

EXPORTS

Top 5 Industries

	<u>Industry</u>	<u>Total Exports</u>
	Mining (Except for Oil and Gas)	\$2.5B
	State Government	\$70.7M
	Utilities	\$66.7M
	Support Activities for Mining	\$17.4M
	Animal Production, Aquaculture	\$12.6M

Exports are goods and services sold from the county to regions outside the county for an inflow of dollars into the county. High exposure usually signals economic strength, because dollars flow into the community rather than leave it.
